

PACKING MACHINE

Hydro Machine

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172069	Packing Machine	China, exported worldwide

Description

A stainless steel hydro machine for snack food production, rated at 50 to 100 kg per hour with installed power up to 40 kW. It is finished in silver. Stainless steel construction is the relevant point for a machine working with water in a food area: it takes repeated wash-down without pitting and can be cleaned to food production standards between runs. The 50 to 100 kg per hour band places this unit with small and mid-size snack producers rather than on a high-volume line.

Technical specification

Output: 50-100 kg/hr Material: Stainless Steel Machine Power (kw): 0-40 Color: Silver
