

Product Name :
Fish Feed Processing Machinery

Product Code :
EQMH-CHINA-MY3001017

Description :

Fish Feed Processing Machinery

Technical Specification :

Our processing line adopt international advanced technology, the pellets size are very even. we can adjust the cutter speed and the dies to get the different diameter and the length product The Electric heating device system can control the temperature accurately

Our processing line adopt international advanced technology, the pellets size are very even. we can adjust the cutter speed and the dies to get the different diameter and the length product The Electric heating device system can control the temperature accurately High temperature and high pressure can kill the salmonellosis andbacterial infections. This Fish feed processing machinery can produce high-protein fish feed. The Fish feed processing line can produce both floating and sinking fish feed. This Fish feed processing line only need three workers.
