

WASTE WATER TREATMENT PLANT

Sewage Treatment Plant

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172414	Waste Water Treatment Plant	China, exported worldwide

Description

Sewage Treatment Plant is manufactured and exported by EMC Machines Manufactures as part of our Water Treatment Solutions range. Built to a fixed technical specification, set out in full below, and quoted against the quantity and destination you need. Listed under Waste Water Treatment Plant. Supplied individually or in bulk, specified to the electrical requirements of your market and shipped with the documentation customs will ask for. Send the output you need per hour and the destination port for a delivered price and a lead time.

Technical specification

Preliminary Treatment: Removal of coarse solids and other large materials found in raw wastewater
Primary Treatment: Removal of settle-able organic and inorganic solids by sedimentation, and the removal of float-able materials by skimming
Secondary Treatment: Removal of residual organics and suspended solids

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
