

**Product Name :**  
Fish Feed Machinery

**Product Code :**  
EQMH-CHINA-MY3001045

**Description :**

Fish Feed Machinery

**Technical Specification :**

For twin screw extruder for floating fish feed

Inside package is plastic film, outside is wooden or plywood case (based on the customers' need for Corn puff corn chips snack food production machine).

Only plastic film nude packing with wooden pallet.

We can supply fumigation package and certificate.

Shipping, train, express or upon clients' demands.

The main extruder adopts frequency speed controlling with high automation.

The screws are made of the stainless steel and special craft, which has the advantage of durable usage, high pressure, and longer life.

The forced lubrication system, which can guarantee the equipment transmission life longer.

Auto-temperature control system and self-cleaning, which makes it more convenient.

It has the widest range of applications and can produce different products with different equipment and models.

Installed Power(kw)	Power Consumption (kw)	Capacity(kg/h)
74	52	120-180
95	70	200-300
110	82	250-400
139	104	400-800
132	75	800-1200
165	90	1500-2000

---

469	380	2000-2500
712	570	3000-3500
