

CRANE

Construction 100 Ton Truck Crane Tier-3

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172519	Crane	China, exported worldwide

Description

A 100 tonne truck crane in Tier 3 specification is a project crane. Machines at this capacity are usually bought against a defined scope of lifts rather than for general hire, because their productivity depends on being configured for the work they will actually do. Boom, luffing jib, counterweight and superlift arrangement are all specified against the lift schedule, and we build to that document.

Technical specification

Rated lifting capacity: 100 tonne Emission tier: Tier 3 Carrier: Truck mounted Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
