

CRANE

Construction 12 Ton Mobile Cranes

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172520	Crane	China, exported worldwide

Description

A 12 tonne mobile crane works on its own carrier, which suits sites where the crane repositions frequently within a compound but rarely travels on public roads. Rough terrain tyres and multi-mode steering let it move around obstructions that a truck-mounted crane would have to reverse around. Carrier specification and steering modes are set against the site, and the machine is manufactured to the requirement supplied.

Technical specification

Rated lifting capacity: 12 tonne Carrier: Mobile, self-propelled Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
