

CRANE

Construction 36 Ton Truck Crane Tier-3

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172527	Crane	China, exported worldwide

Description

The 36 tonne truck crane in Tier 3 emission specification. Tier 3 remains the practical choice in markets without reliable low-sulphur fuel, because later-tier aftertreatment systems fail on high-sulphur diesel and the repair is expensive. Where a destination has not moved to ultra-low sulphur supply, specifying Tier 3 deliberately is the sound engineering decision rather than a compromise. We build to the tier stated.

Technical specification

Rated lifting capacity: 36 tonne Emission tier: Tier 3 Carrier: Truck mounted Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
