# Construction 36 Ton Truck Cranes

| PRODUCT CODE         | CATEGORY | ORIGIN                    |
|----------------------|----------|---------------------------|
| EQMH-CHINA-MY3172528 | Crane    | China, exported worldwide |

## Description

A 36 tonne truck crane covers the middle of the construction range: structural steel, bridge components, precast units and heavy plant installation, at radii beyond what a 25 tonne machine reaches. Duty cycle should be stated with the enquiry, because a crane doing occasional heavy lifts and one working continuously at eighty per cent of chart are specified differently even at the same capacity.

## Technical specification

Rated lifting capacity: 36 tonne Carrier: Truck mounted Build: Manufactured to the specification supplied with the enquiry or tender

## Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
