

CRANE

Construction 80 Ton Crawler Crane

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172537	Crane	China, exported worldwide

Description

An 80 tonne crawler crane is specified for piling, foundation and structural work where the crane works a line rather than a point. Tracked travel under load and a wide bearing footprint suit it to soft and prepared ground that would not carry an outrigger-mounted machine. Boom configuration and attachment requirements are set at order against the work programme.

Technical specification

Rated lifting capacity: 80 tonne Undercarriage: Crawler track Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
