

MUNICIPAL AND SPECIAL VEHICLE

Construction 12m3 Garbage Compactor Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172569	Municipal and Special Vehicle	China, exported worldwide

Description

A 12 m³ compactor truck serves full urban collection rounds, where the vehicle stays out for a shift and returns loaded rather than making repeated trips. At this size the loading method becomes the productivity question: rear loading suits mixed bin sizes and manual assistance, while side loading with an automated arm suits standardised bins and a single operator. Build is to the route and fleet arrangement stated.

Technical specification

Body volume: 12 m³ Configuration: Compaction body Build: Manufactured to the specification supplied with the enquiry or tender
