

MUNICIPAL AND SPECIAL VEHICLE

Construction 13.5m Aerial Working Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172570	Municipal and Special Vehicle	China, exported worldwide

Description

A 13.5 metre aerial working truck is a street lighting, signage and building maintenance vehicle. The figure that matters is not the platform height but the working outreach at that height, because the obstruction the operator has to reach over determines whether the job is possible. Outreach, platform load and basket rotation are all specified at order against the work the vehicle will do.

Technical specification

Working height: 13.5 m Build: Manufactured to the specification supplied with the enquiry or tender
