

MUNICIPAL AND SPECIAL VEHICLE

Construction 15000L Water Sprinkler Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172574	Municipal and Special Vehicle	China, exported worldwide

Description

A 15,000 litre water sprinkler truck is a road and highway maintenance vehicle, sized so it can work a long section between refills. On a remote highway that matters more than spray performance, because the time lost is in travelling to water rather than in spraying it. Tank capacity should therefore be set against the distance to the nearest filling point rather than against the daily volume alone.

Technical specification

Tank capacity: 15,000 litres Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
