

MUNICIPAL AND SPECIAL VEHICLE

Construction 15m3 Garbage Compactor Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172575	Municipal and Special Vehicle	China, exported worldwide

Description

A 15 m³ compactor truck is specified for high-density urban collection, where the round generates enough volume that a smaller body would force extra trips and the streets will still take a vehicle this size. The economics turn on trips to disposal. Where the transfer station is distant, a larger body pays for itself in running hours saved rather than in collection speed.

Technical specification

Body volume: 15 m³ Configuration: Compaction body Build: Manufactured to the specification supplied with the enquiry or tender
