

MUNICIPAL AND SPECIAL VEHICLE

Construction 25000L Water Sprinkler Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172581	Municipal and Special Vehicle	China, exported worldwide

Description

A 25,000 litre water sprinkler truck is the largest class in normal municipal use, specified for highway construction, mine haul road suppression and large-area work where refilling is the constraint on productivity. At this capacity the chassis is carrying twenty-five tonnes of moving liquid, so baffling and axle configuration are structural requirements rather than options. Tank, baffling and spray system are engineered together to the requirement given.

Technical specification

Tank capacity: 25,000 litres Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
