

MUNICIPAL AND SPECIAL VEHICLE

Construction 5000L Sewage Vacuum Suction Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172582	Municipal and Special Vehicle	China, exported worldwide

Description

A 5,000 litre sewage vacuum suction truck is a small-capacity unit for residential septic tanks, restaurant grease traps and confined access work where a larger vehicle cannot reach the connection point. Vacuum pump capacity matters more than tank size on these jobs, because the time on site is spent drawing rather than carrying. Build is to the requirement stated in the enquiry.

Technical specification

Tank capacity: 5,000 litres Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
