

MUNICIPAL AND SPECIAL VEHICLE

Construction 5m3 Garbage Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172585	Municipal and Special Vehicle	China, exported worldwide

Description

A 5 m³ garbage truck without compaction is specified where waste is bulky rather than compressible, or where the route is short enough that a compaction body would not pay for itself. Rubble, garden waste and market waste all fall into that group. It is a simpler vehicle with less to maintain, which on a municipal fleet with limited workshop support is often the deciding factor.

Technical specification

Body volume: 5 m³ Build: Manufactured to the specification supplied with the enquiry or tender
