

MUNICIPAL AND SPECIAL VEHICLE

Construction 8000L Sewage Vacuum Suction Trucks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172588	Municipal and Special Vehicle	China, exported worldwide

Description

An 8,000 litre sewage vacuum truck is a general municipal size, balancing enough capacity for a working round against a chassis that can still reach residential and commercial properties. Where the vehicle will also handle industrial effluent, the tank coating and pump sealing need specifying separately, because those liquids attack materials that domestic sewage does not.

Technical specification

Tank capacity: 8,000 litres Build: Manufactured to the specification supplied with the enquiry or tender

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
