

UTILITIES EQUIPMENT

Food Incubation Room

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3172756	Utilities Equipment	China, exported worldwide

Description

Food Incubation Room forms part of the Food Processing Equipment Line Machines Plants equipment we build and ship to buyers overseas. This model is specified with stainless steel construction. Full technical detail is set out in the specification below. Listed under Utilities Equipment. It ships as a single unit or as part of a larger consignment, built to the destination's electrical specification and released with complete export documentation. Send the output you need per hour and the destination port for a delivered price and a lead time.

Technical specification

Heating time: An average of 1 ~ 5 ? / minute Machine dimensions: 5400 x 4200 x 2500 Temperature Range: RT~45? Can be set Internal material: Galvanized color steel or SUS304 stainless steel plate External material: Galvanized color steel Insulation materials: Hard polyurethane Insulation thickness: 100mm Analytical precision: 0.1?~0.01? Control accuracy: $\pm 1^{\circ}$ Temperature deviation: $\pm 2^{\circ}$ Volatility: $\pm 1^{\circ}$ Cooling time: 10 to 60 minutes Series Noise: ≤ 55 dB Control system: Programmable: LCD color LCD controller or standard type: LED digital controller Heating system: Special high-speed electric heaters Circulatory system: Specially designed low noise, multi-wing circulating air system Safety devices: Leakage power protection, load protection, over-

temperature protection, fan overheat protection, sound and light alarm, etc. Other accessories: Glass observation window, the test hole, smoke alarms, indoor lighting, temperature recorder (optional) System power: AC 220/380($\pm 10\%$)V, 50HZ ± 0.5 HZ

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
