

Product Name :
Pet Food Extruder Machinery

Product Code :
EQMH-CHINA-MY3002019

Description :

Pet Food Extruder Machinery

Technical Specification :

Provide different product formulations.

Warranty for one year, long-term supply of spare parts at reduced prices.

Engineers on site installation and commissioning, training of technicians.

Provide a professional choice of equipment, technological process, consultations on the design of the plant.

Twin Screw Extruder To Make Pet Food can produce high-quality, safe and innovative nutritious foods. It can provide better nutrition and care solutions for pets around the world, and continue to help pets enjoy a healthier and longer life.

Pet food is made under high temperature conditions and is very popular in the pet food market. Pet food is generally puffed and dried by meat meal, fish meal, bone meal, corn meal, soybean meal, etc. Twin Screw Extruder To Make Pet Food can produce pet foods such as cats, dogs, foxes, birds, and floating and sinking fish feeds for aquatic products such as fish and shrimps.
