

**Product Name :**  
Dog Food Pellet Making Machine

**Product Code :**  
EQMH-CHINA-MY3002020

**Description :**

Dog Food Pellet Making Machine

**Technical Specification :**

Raw materials mixing system  
Screw conveyer (bucket elevator)  
Storage hopper  
Steam pre-conditioner  
Twin-screw extruder  
Hoister (air conveyer)  
7-layer 8 meter drying oven (bigger ovens)  
Double-drum flavoring line  
Cooling machine  
Storage bin

With variety of pets continues increasing, come with the increase on the market demand for the pet food and requirements our company developed various pet food and process line based on market requirement. According to the variety of products, our production line, covers a variety of configurations such as main food, snacks, toys.

By changing parameters such as raw materials, temperature, moisture etc parameters, achieved new style products, rich of nutritional content, perfect textures, can meet demand for different pet on adaptability and best taste.
