

Product Name :
Dog Food Extruder Making Machine

Product Code :
EQMH-CHINA-MY3002047

Description :

Dog Food Extruder Making Machine

Technical Specification :

The extruder consists of feeding system, extruding system, cutting system, heating system, lubricating system, controlling system and cooling system, the extruder feed unit and cutting unit adopts speed-adjusted converter, so that the power of device is strong and performance is stable, the screw structure adopts the building block structure and can be arbitrary combined according to different needs, the screws are made of alloy steel and special craft, with good self-cleaning ability.

Forced lubrication system can guarantee the equipment transmission life longer

PLC control, the picture is more intuitive and clear, easy to operate

It adopts the partition heating mode, can be controlled independently, temperature control more direct viewing and the parameter more precise

Installed Power (kw)	Power Consumption (kw)	Capacity (kg/h)
74	52	120-180
95	70	200-300
110	82	250-400
139	104	400-800
132	75	800-1200
165	90	1500-2000
469	380	2000-2500
712	570	3000-3500
