

Product Name :
Pet Food Manufacturing Equipment

Product Code :
EQMH-CHINA-MY3002049

Description :

Pet Food Manufacturing Equipment

Technical Specification :

The production line has following features: many models, flexible equipment configuration, wide range of raw materials, a wide variety of final products, and simple operation, can greatly improve the production efficiency and quality of fish feed, promote the growth of fish, and is the best choice for dog food production industry.

Pet food Raw Material:

Most dog food pellet including animal protein and plant protein, Plant protein adopts corn flour, rice flour, wheat flour, soybean flour, peanut cake powder.....Animal protein adopts fish meal, chicken meal, crab meal, sleeve-fish meal and so on....you can add other ingredient according to the local dog live require.

It can also add high fat and protein raw materials, For example, fresh fish, bone, high protein content and high fat raw materials, etc.

Installed Power	Power Consumption	Output
74 kw	52 kw	140-160 kg/hr
105 kw	75 kw	240-260 kg/hr
		250-350 kg/hr
205kw	150 kw	500-600kg/hr
132kw	75kw	800-1200kg/hr
165kw	90kw	1500-2000kg/hr
280kw	132kw	3000-3500kg/hr
