

Product Name :
Cat Food Machine

Product Code :
EQMH-CHINA-MY3002056

Description :

Cat Food Machine

Technical Specification :

High quality nutritional Cat food machine has reasonable design, flexible configuration and strong adaptability. Dog chew stick takes starch as raw materials with scientific configuration and was extruded from extruder, it can be made into many kind of shapes such as stick, bone, bi-color, bi-flavor, etc. This kind of food not only provide protein, fat, vitamin, nutrition for dogs, but also satisfy the dog nature hobby.

High quality twin-screw extruder, idel equipment for pet food making.
All machines are made of stainless steel, healthy and sanitary.
Different shapes are made by adjusting the dies from extruder.
Technical support: we provide line design, factory design, installation, commissioning etc.

Application	Cat food machine
Voltage	380V 50HZ three phase
Power(W)	50KW for extruder , 100kw for entire line
After-sales Service Provided	Engineers available to service machinery overseas
Material	Stainless Steel
Relays	Weidmuller, Schneider, customizable
Experience of engineers	8-10 years
Packaging Details	Wooden Case,Your machines
Delivery Detail	Within 30 Days
Specifications	1.Capacity: 200kg/h -230KG/h , or more
