

**Product Name :**  
Cat Food Machinery

**Product Code :**  
EQMH-CHINA-MY3002061

**Description :**

Cat Food Machinery

**Technical Specification :**

Multi-functional dry cat food machinery / dog cat pet food machine uses meat meal, fish meal, corn powder, soya meal and other grains powder as main materials to make the pet food, such as dog, cat, fish, bird food etc. With different shapes and tastes by changing the dies and formulations. The pet foods are made under high temperature condition, and popular to the pet food market.

Feature details of Cat food machinery:

Twin screw Cat food machinery adopts frequency speed controlling with high automation.

The screws are made of the stainless steel and special craft, which has the advantage of durable usage, high pressure, and longer life.

The forced lubrication system, which can guarantee the equipment transmission life longer.

Auto-temperature control system and self-cleaning, which makes it more convenient.

It has the widest range of applications and can produce different products with different equipment and models.

Installed power	76kw	95kw	178kw	280kw
Production Capacity	120-150kg/h	200-260kg/h	400-600kg/h	1000-1500kg/h
