

Product Name :
Corn Extruder Machine

Product Code :
EQMH-CHINA-MY3003012

Description :

Corn Extruder Machine

Technical Specification :

Corn extruder machine adopt corn, rice, wheat, oat, barley etc as ingredients to make puffed snack. Through friction of screw and barrel, the grains are cooked in the extruder. Forming is at the die face cutter. The product shape is determined by a combination of the die aperture, including ball, tube, stick, ring, fruit loop, star, wheel and flower etc.

Snacks machine Main Feature:

Raw materials: corn, rice, wheat, oat, barley etc.

products shape: Variety shapes are available for ball, tube, stick, ring, fruit loop, star, wheel, flower, star and heart shape by adjusting the mould in the extruder, can custom-made the shape.

Easily to operator the whole line. Only need three workers to control the processing line.

Low power consumption.

Voltage in China: Three phases: 380V/50Hz, Single phase: 220V/50Hz, we can make it according to customers' local voltage according to different countries.

Main motor power	Screw Diameter	Output	Size
22-30kw	65mm	100-150kg/h	3600x1000x1800mm
30-45kw	70mm	200-250kg/h	3400x1000x2100mm
55-75kw	85mm	300-500kg/h	5500x1200x2300mm
