

**Product Name :**  
Corn Sticks Production Line

**Product Code :**  
EQMH-CHINA-MY3003016

**Description :**

Corn Sticks Production Line

**Technical Specification :**

Uses a twin-screw extruder (preferred) for uniform expansion and texture control.  
Adjustable temperature (120-180°C) and screw speed to optimize puffing.  
Customizable die molds to produce different shapes (e.g., cylindrical, star-shaped sticks).
