

CONCRETE PIPE MAKING MACHINE

Concrete Pipe Mould

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3292006	Concrete Pipe Making Machine	China, exported worldwide

Description

Concrete Pipe Mould

Technical specification

Concrete pipe mould is designed for concrete pipe making machine to produce concrete drain pipes, utilized the advanced technology to make a high concentricity, rigidity and durable, we are able to manufacture the mould with diameter from 300-2500mm and with length from 2000-3000mm in various kinds including flush joint(flat mouth type), groove joint, socket and spigot joint(socket and plug mouth type) ect. And all the concrete pipes are widely used in administrate drainage, agricultural field irrigation, rood culvert and deep water well .

Features of Concrete Pipe Mould:

The overall design is used strengthen the leak-proof slurry design, the mouth of pipe joints without rough edges, easy mold-opening.

Mold friction ring are all made from 45# cast steel
