

Product Name :
Snack Food Processing Line

Product Code :
EQMH-CHINA-MY3003023

Description :

Snack Food Processing Line

Technical Specification :

High Efficiency – 200-1000kg/h output
Multi-Shape – Custom molds for varied snacks
Uniform Quality – Precise extrusion control
Low Oil – Healthy production options
Automated – Minimal labor needed
Easy Clean – Stainless steel design
Energy Saving – Optimized power use
