

INJECTION MOLDING MACHINE

Bottle Cap Injection Molding Machine

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3295004	Injection Molding Machine	China, exported worldwide

Description

Bottle Cap Injection Molding Machine

Technical specification

Bottle Cap Injection Molding Machine's output power can vary in conformity to the loading changes, which reduce energy consumption and noise.
It can store injection material information for 120 setsof moulds.
Fuzzy temperature control is use. High and low temperature deviation alarm and thermocouple disconnection inspection functions are available.
Function to prevent cold material start-up.
Times of forming can be matched with automatic stop function for convenient production management.
Computer controlled automatic lubrication devices.
Automatic mould adjuston function.
