

FISH PROCESSING EQUIPMENT

Fish Defrosting Machine

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3311002	Fish Processing Equipment	China, exported worldwide

Description

Fish Defrosting Machine

Technical specification

The machine is designed for defrosting frozen fish blocks.

The water temperature during defrosting is + 7 ° C, the time of defrostation is up to one hour.

principle of convection, the water temperature is kept the same throughout the entire defroster, which ensures uniform defrosting of the raw material.

The simplicity of the design ensures high reliability in operation.

The machine can operate in automatic mode of water supply, and the time of raw sugar defrosting.

Automatic unloading of the defrosted fish into a container or conveyor.
