FISH PROCESSING EQUIPMENT

Universal Container for Cold Salting

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3311008	**Fish Processing Equipment**	**China, exported worldwide**

Description

Universal Container for Cold Salting

Technical specification

The machine is designed to increase the shelf life of various products.
The technical characteristics of the equipment allow preserving these products (fish, meat, vegetables, fruits) for a long time.
The temperature of the special solution is 0-7 ° C. This allows you to maintain the freshness of fish, prevent the multiplication of bacteria in meat, the destruction of vitamins and their ripening in vegetables and fruits.

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
