

**Product Name :**  
Pet Dog Food Extrusion Machine

**Product Code :**  
EQMH-CHINA-MY3002002

**Description :**

Pet Dog Food Extrusion Machine

**Technical Specification :**

- Versatile Formulations – Produces dry, semi-moist, or soft kibble
- Precision Control – Adjustable size (2-12mm), shape, and density
- Nutrient Preservation – Low-temperature extrusion protects vitamins
- Hygienic Design – Food-grade stainless steel construction
- Automated Operation – PLC system ensures consistent quality

Pet Dog Food Extrusion Machine – Premium Nutrition Production:

The Pet Dog Food Extrusion Machine is a high-efficiency system designed to produce nutritious, customized kibble for dogs of all breeds and life stages.

Utilizing advanced twin-screw technology, it transforms raw ingredients like meats, grains, and vitamins into perfectly textured, digestible dog food.

**Key Features:**

- Versatile Formulations – Produces dry, semi-moist, or soft kibble
- Precision Control – Adjustable size (2-12mm), shape, and density
- Nutrient Preservation – Low-temperature extrusion protects vitamins
- Hygienic Design – Food-grade stainless steel construction
- Automated Operation – PLC system ensures consistent quality

Installed Power (KW)	Real Consumption (KW)	Output (kg/h)
70	50	120-150
