

Product Name :
Corn Flakes Extruder Production Line

Product Code :
EQMH-CHINA-MY3003059

Description :

Corn Flakes Extruder Production Line

Technical Specification :

Mixer
Screw hoister
Double-screw extruder
Vibrating feeder
Air conveyer
Flaking machine
Air conveyer
Dryer
Hoister
Vibrating feeder
High temperature dryer
Sugar sprayer
Vibrating feeder
Dryer
Cooling conveyer

Solved the problems of roller sticky material, low yield and quality of corn flakes, and poor taste.
The nutrients in grains can be well preserved
It can produce corn flakes or all kinds of breakfast cereals, only need to change the configuration slightly.

Complete production line with reasonable design and control system to ensure high-quality corn flakes and breakfast cereals.
