

**Product Name :**  
Pasta Macaroni Machine

**Product Code :**  
EQMH-CHINA-MY3004022

**Description :**

Pasta Macaroni Machine

**Technical Specification :**

This processing line adopts the flour, starch, and potato starch as the material then forms a kind of leisure food after extruding, slaking, forming, drying, frying and inflating.

The screws are made by ally steel and special craft, the screw life is longer, uses building block system structure, may combine willfully.

The forced lubrication system, by guaranteed equipment transmission longer life.

Visible auto-temperature controlling system, make the temperature-controlling to be more direct-viewing, parameter to be more precise.

Voltage:Three phases: 380V/50HZ, Single phase: 220V/50HZ, also can make it according to customers' local voltage of different countries

Machines Materials:All the machines are made by food grade stainless steel.

Macaroni Pasta Product Machine Feature:

Simple structure in linear type ,easy in installation and maintation.

Adopting advanced world famous brand components in pneumatic parts ,electric parts and operation parts.

High pressure double crank to control the die opening and closing.

Running in a high automatization and intellectualization,no pollution

Apply a linker to connect with the air conveyor ,which can directly inline with filling machine .

Capacity	100-200kg/h
Power	1.5kw
Size	1200*1200*1200mm
