

Product Name :
Soya Meat Making Machine

Product Code :
EQMH-CHINA-MY3005017

Description :

Soya Meat Making Machine

Technical Specification :

Grinder: Pulverizes soy material to 60–100 mesh for uniform mixing.

Mixer: Blends soy with water, oils, flavors (e.g., beetroot for "bloody" appearance).

Pre-Conditioner: Pre-hydrates mix (optimum 30–40% moisture before extrusion).

Twin-Screw Extruder (Core Unit)

Feeder: Volumetric screw feeder ensures consistent input.

Barrel Zones:

Zone 1 (Mixing): Low-temperature blending.

Zone 2 (Cooking): High-temperature gelatinization (150–180°C).

Zone 3 (Shearing): Fiber formation under high pressure.

Die & Cutter: Shapes product (e.g., flat strips for "chicken," porous cubes for "pork").

Installed power(KW)	Power Consumption(KW)	Capacity(Kg/H)
74	52	100-150
95	70	200-300
139	102	300-500
200	160	800-1200
