

**Product Name :**  
Corn Flakes Manufacturing Machine

**Product Code :**  
EQMH-CHINA-MY3006017

**Description :**

Corn Flakes Manufacturing Machine

**Technical Specification :**

- High Output – 100-500kg/h production
- Uniform Flakes – Precise thickness control
- Energy-Efficient – Low power consumption
- Easy Operation – Automated controls
- Durable – Food-grade stainless steel
- Versatile – Handles multiple grains
- Compact – Space-saving design
- Hygienic – Easy to clean

- Raw material milling
- Mixing
- Mixture conveying
- Extruding
- Initial cooling
- Air Conveying
- Flaking
- Air Conveying
- Drying
- Shifting Machine
- High Temperature Oven
- Coating System
- Shifting
- Drying
