

Product Name :
Industrial Pasta Making Machine

Product Code :
EQMH-CHINA-MY3006019

Description :

Industrial Pasta Making Machine

Technical Specification :

High Output – Produces 100-500kg/h of uniform pasta
Versatile Shapes – Spaghetti, penne, fusilli via interchangeable dies
Energy-Efficient – Optimized screw design reduces power consumption
Durable Construction – Food-grade stainless steel for longevity
Precise Dough Control – Adjustable moisture (25-35%) & temperature
Easy Operation – User-friendly touchscreen interface

Feeding hopper
Single-screw extrusion unit
Mixing/kneading chamber
Interchangeable die plates
Variable-speed cutter
Drying/cooling system
Transmission gearbox
Electric control panel

Applications:

Large-scale pasta production
Commercial kitchens
Food processing plants
Custom pasta shapes

Gluten-free pasta

Install Power	110KW	180KW
Consumption Power	77KW	126KW
Output	120-150KG/H	250-300KG/H
