

**Product Name :**  
Microwave Sterilizing Machine

**Product Code :**  
EQMH-CHINA-MY3007028

**Description :**

Microwave Sterilizing Machine

**Technical Specification :**

Product Description Condiment Microwave Drying Sterilizing Equipment Equipment Introduction?Condiment Microwave Drying Sterilizing Equipment is used to dry and specialize in different kinds of marterial such as spicees seasoning pepper chilli etc.

Microwave dryer is automatic temperature control system, automatic microwave density control system, heating time control system, automatic alarm system,optional PLC control system,water cooling systemto ensure that the equipment 24 hours of continuous work.

According to the processing of products tailored, stable and reliable operation of equipment

The whole food grade stainless steel, microwave system, the core component of independent research and development or the use of the industry's highest standards

The unique field strength design, heating uniform and efficient

P LC man-machine interface or button control, temperature control humidity control, highly automate, user-friendly

Equipment Model	Microwave Drying Equipment	Microwave Drying Equipment
Rated Input Apparent Power	customization	customization
Height of conveyor	600-1000mm	600-1000mm
Inlet and outlet height	40-100mm	40-100mm
Width of conveyor belt	750±100mm(custom-made)	1000±100mm(custom-made)
Microwave leakage standard	ISO?5mw/cm <sup>2</sup>	ISO?5mw/cm <sup>2</sup>
Operating frequency	2450±50HMz	2450±50HMz

---

Transmission speed

0~10m/min(Adjustable frequency)

0~10m/min(Adjustable frequency)
