

Product Name :
Poultry Gizzard Oil Removing Machine

Product Code :
EQMH-CHINA-MY3014017

Description :

Poultry Gizzard Oil Removing Machine

Technical Specification :

Poultry Gizzard Oil Removing Machine Introduction

The poultry gizzard oil removing machine is the most advanced equipment for gizzard oil removal, it is made of stainless steel, convenient to operate, with high yield and clean de-oiling process, the de-oiling rate can reach up to 98%.

It is the necessary equipment for chicken and duck gizzard to do further processing.

Poultry Gizzard De-oiling Machine Advantages

It is made of stainless steel, clean and health

Compact structure, excellent performance

High efficiency, low energy consumption

Easy to operate, durable and long service life

It is suitable for chicken and duck

Power	Voltage
1.5kw	380v
3kw	380v
