

Product Name :
Frozen Meat Slicing Machine

Product Code :
EQMH-CHINA-MY3014024

Description :

Frozen Meat Slicing Machine

Technical Specification :

Frozen Meat Slicing Machine Introduction

Amisy frozen meat flaker is widely used in meat processing industry to flake or slice various kinds of frozen meat products such as sausages, poultry, steak for further processing. You just need to feed the frozen meat, turn on the switch and it works automatically.

The advanced design makes the sliced thicknesses adjustable, from 5mm-10mm.

Frozen Meat Slicer Features

High quality stainless steel measures up food hygiene standard.

Simple operation and maintenance, stable working process.

Small land occupancy and large slicing capacity.

Continuous operation.
