

Product Name :
Broad Beans Slitting Machine

Product Code :
EQMH-CHINA-MY3016017

Description :

Broad Beans Slitting Machine

Technical Specification :

Broad Beans Opening Machine Introduction

The broad beans slitting machine is used to cut the graded and soaked the broad beans, and then to do further processing.

it is mainly used for pre-incision processing of the fried beans, green beans, etc.

Broad Beans Opening Machine Features

It is made of high quality stainless steel, comply with the food safety and hygiene standards.

Compact structure, excellent performance

Easy to operate, convenient to clean and maintain

High output, no pollution, low energy consumption, the cut rate reached 98%

Capacity: 400Kg/h

Power source: 0.55Kw/380V
