

COLD MULTIDECK OPEN CHILLER

Open Chiller for Drinks

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3071001	Cold Multideck Open chiller	China, exported worldwide

Description

An open chiller for drinks — a multideck open-fronted display chiller presenting bottled and canned drinks on several shelves with no door, so customers simply reach in.

The open front sells more because nothing stands between the customer and the product, and that is the entire commercial argument for it. The cost is energy, since the cabinet is cooling an open space and relies on an air curtain to hold temperature. Night blinds and correct loading below the load line are what keep running cost and temperature under control. Contact us with your display length and the ambient conditions in the store for a recommendation.

Technical specification

Rated power (W): 2200
Power supply/Frequency: 220V/50Hz 110V/60Hz
Temperature (°C): 2 ~ 10°C
Dimension (mm): 2000*1060*2100
Packing Dimension (mm): 2200*1260*2300
Control the temperature: Electronic-automatic
