

COLD UPRIGHT FRIDGE AND UPRIGHT

Glass Door Upright Freezer Drinks Display Fridge

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3076001	Cold Upright Fridge and Upright	China, exported worldwide

Description

A glass door upright freezer and drinks display fridge — an upright cabinet with glass doors showing the product while keeping it chilled or frozen, for retail, forecourt and hospitality use.

Glass doors sell product and cost energy, which is the trade every retailer makes here. Double or triple glazing with a low-emissivity coating reduces that cost substantially and also prevents the condensation that makes a cabinet unsightly in a humid climate. Interior lighting and shelf arrangement matter for sales as much as the cooling does. Contact EMC Machines Manufactures with your capacity, door count and whether chilled or frozen for a recommendation.

Technical specification

Imported famous compressor ,Accurate refrigeration.

Multiply adjustable shelves full fill different merchandising request

Digital temperature controller ensure better temperature control and saving energy

Fully spread air flow,Better refrigeration effect no pollution

The glass door is three layers hollow with heater no mist in humid weather,With Aluminum alloy frame

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
