

ICE MAKER AND ICE FREEZER

35kgs Ice Maker

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3078001	Ice Maker and Ice Freezer	China, exported worldwide

Description

A 35kg ice maker producing approximately 35 kilograms of ice per day, sized for a bar, café, small restaurant or clinic rather than for a hotel or a fish counter.

Daily production figures on ice machines assume a reasonable ambient and cool incoming water, and both are often worse in practice, so a machine specified exactly at your requirement will fall short on a hot day, which is the day you need the most ice. Specify with headroom, and size the storage bin against your peak hour rather than the daily total. Contact EMC Machines Manufactures with your peak demand and ambient conditions for a recommendation.
