

ICE CREAM DISPLAY FREEZER

Ice Cream Display Freezers

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3079001	Ice Cream Display Freezer	China, exported worldwide

Description

Ice cream display freezers presenting ice cream for scooping or for packaged sale, in the low-temperature cabinet that ice cream needs to stay at scooping consistency.

Ice cream runs considerably colder than frozen food generally, and a general-purpose freezer will not hold it at a consistency that scoops cleanly without either going soft or setting rock hard. A cabinet built for ice cream holds that narrower window. Scooping cabinets take pans and have a working aperture; pack display cabinets are glass-topped or glass-fronted. Contact us with whether you are scooping or selling packs, and your pan or shelf requirement, for a recommendation.

Technical specification

Imported famous compressor ,Accurate refrigeration.

Fast Cooling Features

Digital temperature controller ensure better temperature control and saving energy

Fully spread air flow,Better refrigeration effect no pollution

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
