

FORKLIFT TRUCK

1 Ton Diesel Forklift Truck

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3095001	Forklift Truck	China, exported worldwide

Description

A 1 ton diesel forklift truck for yard, warehouse and site material handling, in the compact 1 tonne capacity class with diesel drive for outdoor use.

Diesel against electric is the first decision and it is settled by where the truck works. Diesel suits outdoor yards, rough ground and long shifts without charging; electric suits indoor and food environments where exhaust is unacceptable. At 1 tonne this is a light truck for pallets and small loads rather than heavy handling. Mast height should be specified against your racking, not your floor space. Contact us with your load weight and lift height for a recommendation.

Technical specification

Rated capacity: 1 ton

Lift height: 3 m

Power: diesel engine

Request a quotation

Send your capacity, voltage and destination port and we will reply with drawings, a price and a lead time within one working day.
