

FOOD PACKING MACHINE

Food 8 Portion Meal Tray Sealing Machine

PRODUCT CODE	CATEGORY	ORIGIN
EQMH-CHINA-MY3147001	Food Packing Machine	China, exported worldwide

Description

A food 8-portion meal tray sealing machine sealing film onto pre-portioned meal trays, eight at a time, for ready meals, airline and institutional catering and chilled prepared food.

Seal integrity is the specification, because a tray that leaks in transit is a rejected delivery and a tray whose seal lets air in loses its shelf life claim. Modified atmosphere capability extends that shelf life considerably and is worth specifying at purchase rather than retrofitting. Tooling is specific to the tray, so the tray is chosen before the machine. Contact EMC Machines Manufactures with your tray dimensions and required output for a specification.

Technical specification

Best quality wires used
Inbuilt stabilizer and contactors
Less maintenance
Made up of complete SS and Aluminium
Minimum power consumption
Optimum functioning
Product Type : Meal Tray Sealing Machine
Dimension : 570*360*460 mm
Capacity : 350 trays/hr.

Voltage : 220 V

Power : 700 W

Seal Material : Polyethylene(PE), Polypropylene(PP), Polyethylene terephthalate(PET), Al. Foil

Material : Aluminium & SS

Temperature : 0-200 o C

Weight : 30 Kg

Packing Sizes :

8 Portion Tray
