

Product Name : Automatic Spaghetti Line Macaroni Pasta Extruder Making Machine
Product Code : EQMH-CHINA-MY3004007

Description :

Automatic Spaghetti Line Macaroni Pasta Extruder Making Machine

Technical Specification :

Pasta making machine adopts potato starch, potato powder and corn starch as main materials, to produce a variety of twice extrusion ones in different shapes, which are popular in the market, such as crisp pea, shell, screw, square tube, round tube, and wave.

This line is characterized by unique technique, rational configuration, high automation and stable performance.

Industrial Automatic Spaghetti Line Macaroni Pasta extruder Making Machine/ Pasta Machine Macaroni maker /Spaghetti Noodle Making Machine adopts the flour ,corn starch , and potato starch as the raw material then forms a kind of leisure food after extruding ,slaking,forming,drying,frying and inflating. Our company has improved the production line performance by means of the marketing research and our own technology and makes the operator operate the equipment easily and make the craft more perfect. Manufacturing plant/macaroni pasta production line/screw pasta making machine is indispensable production food equipment for everyone taking on the food profession.

Install Power	110KW	180KW
Consumption Power	77KW	126KW
Output	120-150KG/H	220-250KG/H
