

Product Name :
Soya Nugget Plant

Product Code :
EQMH-CHINA-MY3005002

Description :

Soya Nugget Plant

Technical Specification :

The Soya Nugget Plant with Twin-Screw Extrusion Technology is engineered to produce high-quality, protein-rich soy nuggets with meat-like texture and enhanced nutritional value. This advanced system combines precise thermal control, mechanical shear, and shaping capabilities to transform defatted soy flour into versatile plant-based protein products for global food.

Power	45kw	55kw	75kw	133.5kw	95.87kw	139.2kw
Capacity	100-150kg/h	200-260kg/h	300-400kg/h	600-800kg/h	400-500kg/h	800-1000kg/h
